HB 11.480

MO HealthNet Division – Long-Term Care Upper Payment Limit (UPL) transfer to GR

Book 5, page 327

This section establishes a partnership between privately owned long-term care facilities and publicly operated long-term care related services, such as county nursing homes, which allows Missouri to generate new federal revenue by having private nursing homes assume financial responsibility for publicly funded long-term care services and supports. This shift in financial responsibility frees up public funding that can be used to access additional federal matching funds. The new dollars can be used to offset general revenue, increase reimbursement to providers of long-term care and supports, as well as assist local governments to develop and maintain its long-term service delivery system.

Section 11.505 MO HealthNet Division – Managed Care

Book 5, page 386

The Division of Medical Services (DMS) operates an HMO-style managed care program, Managed Care Plus (MC+). Health plans contract with the state and are paid a monthly capitation payment for providing services for each enrollee. Participation in MC+ is mandatory for certain Medicaid eligibility groups within the regions in operation. There are three eligibility groups: (1) TANF Adults and Children, Refugees, Medicaid for Children, and 1115 Waiver Children; (2) Medicaid for Pregnant Women and 1115 Waiver Adults; and (3) children in state care and custody. Those recipients who also receive SSI disability payments have the option of choosing to receive services on a fee-for-service basis.
